ALTONOMY PARTY

THE WEEKLY JOURNAL THE LOUISVILLE JOURNAL PRENTICE, HENDERSON, & OSBORNE, | conveyed in a report from Gen. Urquiza, who, o

paid for in advance or assumed by a responsible person in this Praguay determined upon resistance and a cot viated from.

Carliew carefully Democratic editors and Demo-ratic candidates on the stump ignore the startling ment had no dasire nejuetly to exercise its power exposures of Democratic extravagancs and corrup-tion, which have been preven by the official report of the Clerk of the House of Representatives, and They go back nearly twenty years, to the Harrison campaga, for a ray of comfort, while they might as well have gone reason the past and brought ap Benton: as well have gone reason which was the first effort in that line of epistolary politics. (See paper tells us if the mean of the Democratic party have been corrupt, it is not only and the ruin and generally disposed to a policy of conciliation.

It is not only mockery but downright nonsensa to say that Congress can organiza a Territorial government as a means to an end, but, ofter its organization, has no right or power to control lie ection, the nation in one unbroken party for the depistolary politics. (See paper tells us if the mean of the Democratic party have been corrupt, it is not only mockery but downright nonsensa to say that Congress can organization, and decaying party-heep clear of the success of the success of the plant of the true consideration of the nation in one unbroken party for the depistolary politics. (See paper tells us if the mean of the Democratic party have been corrupt, it is not only mockery but downright nonsensa to rescand by the hand of reform. We go for the union of all the true consideration of the nation in one unbroken party for the deliverance of our beloved country from its awful twenty politics. (See paper tells us if the area of the flarrison decaying party-heep clear of the success of the success of the that the proceedings of the Paragnayan government it will soon be plunged into the abyas unless of a ray that Congress can organiza a Territorial government as a means to an end, but, ofter its organization, has no right or power to control its ection, the nation in one unbroken party for the de-though it deliberately set about the frustration of the Union party is about to spring intooxistence. The success of the nation in one unbroken party for the de-though it deliberately set about the frustration of the Union party is about to spring intooxistence. The success of the nation in one unbroken party for the de-though it indeesed as a member of the House of Representatives, and a fourth affects to believe that there has m no extravagance or corruption at all. Ince ly etating that while his instructions precluded him nulty is taxed to the utmost to find excusse for the predigate waste of the Damecratic Administrations, and the Argentine Confederation were disposed to and to explain bow it is that the Federal Treasury offer, be very willingly accepted the personal end is exhausted and supported by loans. Now and then we have the truth from a Democratic source.

Several conferences were held in this spirit, and last sension of Congress by Hon. M. R. H. We presume, however, that that expense is provi-Garastt, a Democrat representing the First district of Virginia, and from it wa select the following ex-

ness on the stand against the Democracy which is indict d before the country for extravagance and corruption. What does he prove? First—The ex-1851-2 they were only thirty-six millione, in 1857now. Second-The Democracy have made no effort o reduce the expanditures, though they have imosed additional taxation upon the nation. And \$163 000-more than doubled; and the expenses the Mint in the same interval ewelled from \$140,0 to \$613,000, or more than quadrupled, and these so public service but for the purposes of political patronage. If money is necessarily spent in one district, the vile cystem growing up in the upon him, resolving, with the inhorn mobility of the cocoury demands that it shall be unnecessarily lavshed in others. Fourth-The collection of the rev Fourth—The collection of the revand certly ene-half; the light-house
has about doubled its expenses in eix

was the reference the commonestablishment has about doubled its expenses in eix years, when it was the patronage that was meded and not the lights. The navy yerds are kept up ocratic editors which can respond fully the popular. not for the public benefit but for the sake of the people amplioned; and the history of the Brooklyn heart that can and will. The article of the Eagle is and Phliadelphia yards abows that money is inv

These are a few of the points mads by Mr. Garmett—good Democratic authority—and it is particularly matural that his party friends should feel restrict under such exposures. But the issues cannot in dodged or evaded. Democratic appirants for Governor's chairs or seats in Congress must meet them, and they will be brought home to them through the press, on the stump, and in every gatharm of the people. The people demand an overhanting of "the ledger of the realm;" they require that some effort shall be made to "stop the leak" in the public treasury, and to eutstitute a system of prudent consomy for the proligate extravagance which has rendered the trasury bankrupt and converted the untire machinery of the government isto one vast electionsecting machine. The people demand these things and they will have them carried out.

The editor of the Lebanou Democrat makas this barefaced confession on behalf of his paper:

weald suit Mr. Bell? It will have the effect, and, as this havefaced confession on behalf of his paper: The Lebusou Democrat has no prepuléte against Mr. Bell? It will have the object of having two Democrat has no prepuléte against Mr. Bell. It will also have the party and withing to battle for both and the party is friended. All that we feel disposed to say of the Lebusou Democrat is that if "abe loves the party" sha is no better than she should be.

O yee! we have one thing more to say. Out upon the dirty husey!

the dirty husey!

Rise majority is the nearest to supreme authority, and he is found by law, writion and suswritten. —Low. Dem.

Except in the Territories; where, according to your equatter according to your equatter according to your equatter soveraignly he rasy, King Majority is bound by nething.

When the result of the latter reagainty feat, which that it will take both James and Magoffin to make a majority of the change will avail them notbing. Mr. Majority is bound by nething.

When the result of the spointments are changed by Mr. Bisgoffin, and all the others. We hope our cutemporaries will give timely notice of the fact. —Frankfort Commonscealth.

e part of the government of the Argentine Conference, hed interposed his good offices. Ili Kentucky and Tennessee

official report of the success of his efforts had been published. It appears that the President of Para-guey had offered to meet Gen. Urquiza at some Elections, destinad to be of vast importance le point in the territory of the Argentine Confederation, but the celerity of Commissioner Bowlin' belr results, are to be held next August in Kenmovements suggested to Urquiza the necessity o tucky and Tennessee. We have determined hastening to the capital of l'araguey if he would whilst publishing a paper adapted to the wante of succeed in his commendable purpose of averting the people in all the States of the Union, to direct hostilities. Accordingly be reached Asutcion on the 16th of January, and was cordially received by special attention to the prosecution of a vigorous campaign in these two States. Washington, April 13.
The Star, of this evening, eays:
Dispatches from Mexico resched the State Department last night. We hear that in them Mr. Melane is said to state that, in accordance with the authority and discretion to that end devolved on him by the President he has alphy acknowledged

BALTIMORE, April 13.

The N. Y. Ileraid furnishes reports about another fillbustering expedition against Cuba.

In the first place, it says, several Cuben Hilbusters have suddenly disappeared from New York. Secundly, there is great excitement among merchants here who do business with Havana, and it is evident they believe there is somathing in the wind. Thirdly, the Spanish Minister and Spanish Consule have sent dispatches to the Captain-General of Cuba apprising him of the sailing of the expedition, and yasterday they sent further dispatches to the same off cit by the Caba wha. Indeed, so important The King of Naptes is growing thin and faiting even on a lilet of a smilk.—Democrat.

How does it seem to agree with your readers? What is their condition?

The foregoing is republished now for the purto fagain calling attention to it. pose of again calling attention to it, and making comments for which we did not then have leisure.

rolina, meds shortly after the elaction of Mr. Bu-"that all true statesmanship in outh consists in forming combinations and shaping vents so as to bring about a dissolution of the presat Union and a Southern confederacy."
We also called attention to on article of similar

arport published shout the same time by the priripal Democratic organ of Louisians; to the organiation in Alabame of the "Southern Laugue," who.e adisguised object is to promote disenso.; and to be operations of the annual Southern Comme Conventions, whose real object is generally believed We have also published the speech of Sens

Hammond to his constituents last number, in which he states his belief that the South will probably submit to the election of one Rapublican President, We have also quoted from the Adm gan, the Union, the enunciation of what it treats as an undoubted fact, that there is "a wide spread and desperate conspiracy in the South to dissolv

We have usw, superatiled to all this, the plain declaration quoted from the leading organ of the Democracy of Mississippi, that it will be the daty of that State to secode from the Union if the Ra-publican party shall succeed in electing the next President, an event which it thinks will occur "ir all human probability." With an sye to that event, and to the effort which is immediately to ensue to

break up the Union, it insists upon the important The people of Kentucky and Tennessee, however doubt that what the Union charges and what the Opposition convention have charged is a melancholy and most momentous truth. Who can longer doub that there is among the Southern Demo spread and desperate conspiracy to dissolve the Unice? Whilst that party "is forming combina tions and shaping events," and selecting candidates with a visw to that object, will the people of Kentucky and Tennessee, who have averyt on the preservetion of the Union, remain longer in a state of supine indifference to this compiracy: Will they trust their destiny to men who are affiliated with those conspirators by the strongest party ties-men who, so far from leuding their aid to unmask the treason and denounce the traitors, are doing all thay can, for the sake of their party, to clock the guilt from popular view and shield their brother Democrate from national edium! mportant for the disunion Democrats of Mississippl to make proper selections of men to accomplish the

B. C. RITTER.—Wa learn from a Hopkinsville of iast week.—Southern Watchman.

B. C. RITTER.—We learn from a Hopkinsville correspondent, whose latter will be found alsewhere in the Journal of this morning, that this most admirabls boot and gentlemen has opened a flotel at Hipkinsville. We wish him the most unbended enceses. And he will certainly win it. Mr. R, besides great experience in his husinese, possesses the man and accomplished landord the State does not bill, the side of the state of the court opened at the naual time, a large audition to be being in ettendance. The patiti jury, which had been directed to be in attendance to-day, hed had been directed to be in attendance to-day, hed their names called and were excused from further attendance till this day fortright. This would indicate the common energy and tact end a heart brimming with nobility. What are correspondent says of him is siricity just. A trner genileman or a more efficient and accomplished landord the State does not beld. His immense success wherever he may go is a fixed fact. And the best wishes of troops of friends are assured with equal certainty.

The Court depend at the naual time, a large audition of the court determined to be attendance. The patiti jury, which had been directed to be in attendance. The patitive, which the devidance offered. District Attorney Ould proceeded to close his argument against the admirable courted from further varieties an intention on the port of the Jury of the evidance offered. District Attorney Ould proceeded to close his argument against the admirable could be a fixed fact. And the best wishes of troops of friends are assured with equal certainty.

The Court determined the patition on the port of the Jury had been directed to be in attendance. The patitive, which the court determined he patitive, which the patitive, where the varieties and intention on the port of the Jury and the color of the patitive, and the color of the p

doubtedly it did. Here the facts sought to be put in evidence were admitted, but the question was whether they amonated to a provocation or a justification. The same doctrue came ap incidentally in Selfridge's case as to the effect that the lew ought to give and what the jury must give lo certain questione affecting honor and dishemor, and there the court decided the question. Counsel referred to second volume of Archibold's Criminal Practice. Ould, resuming, replied to the proposition of Philips that the evidence was competent for rebuting melice. That he thought was begging the question. Was the evidence of such a character on its face as would be a legal rebuttal of malice? If not it was not competent, it had also been argued that the evidence was not competent as effecting the question whether it was read or feigned. It was immaterial for the jury to find out whether it was read or feigned. It was immaterial for the jury to find out whether it was read or feigned. It had to been also argued that the decased was giving the signal of adultery, and that therefore the evidence was competent, but if, as the prosecution held, the adultery itself was not a legal provocation or justification, how could an invitation to adultery be? he other learned counsel (Graham) had argued that the evidence of adultery was elways properly before the count. That was not so like contended that where

The Cunard steamship Europa has arrived with dates to the 2d lost.

The steams: Bremen arrived out an the 31st ult.

Liverpool, April 1,—The sales of cotton for the week have losen 63,200 bales, including 9,000 bales to speculators and 10,000 hales to exporters. The market closed firm with a good demand at fully previous rates: Holders offer freely, but show no disposition to preassales. Some circulers say there has been a pertial advance of 1 fe to ½ The estimated sales to day (Friday) were 8,000 bales, including 2,000 bales to speculators and exportere. The merket closed steady at the following authorized quotations: Orleans fair 8½, middling 7½; Mobils fair 1½, unddling 7½; Uplands fair 7½, middling 7½; In editing 7½; Uplands fair 7½, middling 7½; In he steek in port is estimated at 327,000 bales, including 22,000 bales American.

State of Trude.—The Manchester edvices are not as favorable, the markets being quiet but steady; the best years are firm, but the inferior qualities have disclined.

Herer Cutton Market, March 31st—The sales of the week amount to 14,000 bales at an advance of 1 over 1 were recommended.

Harre Cotton Market, March 31st — The sales of the week amount to 14,000 bales at an advance of 1 early New Orleans trees ordinaire is quoted at 107f and bas at 102f. There is a stock of 14,700 in port, and the market is firm.

Liverpo I Breadstuff Market.—Richerdson, Spence, & Cu.'s Circular reports the Breadstuff market generally quiet. Flour is dull at 10seg12. 3d. Wheat dull; Western red 5s 91eg8+3d, white 8s 7deg10s, Sunthern 10seg10s 91, Corn dull; yellow 5s 94; a supply of the best qualities is wanted.

Liverpool Procusions Market.—The circulars report the provisions market dull excepting for best, which is firm and has advanced. Fork is dull. Bucon quiet but steady. Lard dull and nominally quoted. Tallow show of sele but prices unsilered. Assespots steady at 29s 64@30; peerls also eteady at 31s 61. calce showed an advance from 25 to 50c per hundred,

There has been a decision in the House of Com-nons on the reform bill. The vote was 291 for the econd reading and 330 for Lord John Russell's restion, showing a majority against the governmen

states.

Count Cavour has returned to Turin. He is said to have secured his object with Nagoleon. The military preparations are continued.

The l'aris Bourse closed firmly at 6865.

From Paraguay —Advices from Rio confirm the settlement of the l'araguay difficulty and a new commercial treaty negotiated.

SICKLES TRIAL—CONTINUED. Washington, April 16.

Mr. Graham contended that the counsel for the defence had the right to extend the line of proof in forgord to the adulterous intercourse. They had traced the steps of the gailly parties from the readcavous in the street to the house of their secret, meetings, and they should be parmitted to go in and show what happened there. The connel for the prosecution were evidently experimenting with the idense; but there was an avalanche of testimon to the court to stay it, but he knew the court would not stay it. It would stulify itself if tidid so.

Mr. Graham spoke till half-past one o'clock, when Mr. Ould rose to reply, which he did at great length. The argument was continued not it the adjurnment, no further progress being made in the case, which will be resumed on Monday morning.

cac, which will be resumed on Monday merning.

Sr. Louis, April 18.

Learensorth—The first overland express, consisting of two passenger coaches, left this morning for 19 nover City. The lime through is to occupy 10 to 12 days until the line is in thorough working order, when it will be reduced to eight. The company carries the mail by anthority of the Post-office Department. The departure was winessed by a large concourse of people. The enterprise is considered the greatest of the day, and will place as in direct reliable communication with the mineral region and elford in a short time information of a conclusive character. Two coaches depart daily bereafter.

There were some small receipts of dust yesterday. Governor Medary leaves to-day for Ohio.

Harrisburg, P.A., April 18. ILARRISBURG, PA., April 18.

of the awine, and the swite feed out. It is personal which we the property of the swine is of separations we clap from the Ohlo Farmer.

We think the number of trees designed for en acre is much too large. We should not plant, at the outside rate, more than elaty-four to the acre, but even at this rate we think the estimate low enough for the period of twenty years, when the location is at all near or when the meems of access to the city are et ell convenient. Another credit which should be given to the "ten acre apple orchard" is, the amount which would be naved as a premium now your life polley of insurance—eay for the twenty years, it would amount to not less than \$3,000 upon \$6,000:

APPLE TREES US LIFE INSURANCE—Among the many beneficiant measures that have been proposed for lies advantage of mankind in modern times, that

wearlto. The rest simply handle it when produced and delivered into their hands. The earth itself, origine I, spout amount produces wherewith to engine I, spout amount from starving—only whilst to the same of t

The pu pit, the professor's chair, the scientific absenting, the tripod, the library, the ship, trip-sameer, the loom, and the envil—all would go lower on or generation. It is by the superatural reduces and stability of agriculture that all things want. Nor gold, tor river, nor diamonds could relate the tripod of the state of th

the test of its estighterment. The libermometer of civilization rises and salis as drives the plow. "You must send the plow," exclaimed a man who had traveled all over Christian missionery ground in beathen lands. A barbarian nation needs but to be plowed np. The provided continued, sowed, planted, and the inevitable harvest will be on engined and aptitude of the provided continued, sowed, planted, and the inevitable harvest will be on engineed empire. A practical, working agricultural society will dig barbarian and mental and physical and aptitude poverty out of a nation as effectually as any powerful growing machine will "make out" the stubbon strongs. A few centuris age, a larned writer described the times in the awards: "Rude were the manners that; the an and wife at even of the cana tencher; a few wooden beached knives, with biades of rugged iror, were a luxury for the great; candias were naknown. One or, at most, two mugs of brown anthouners formed all the drinking apparates in a house. Each gentlemen were clothed of milited lastber. Ordinary persons carried; swert touched seather. Ordinary persons carried eventled the sum of the continued of the continue

empty distinction of a title."

This is history. Any one of our neighbory, if compelled now to live as the highest and wealthierd of markind lived in those days, such a neighbor would excite our eympathies. We would consider him as good as starving; would carry in gifts to supply his wants, and start a subscription among our friends to feed and clothe him.

A few headred years ago and ell the wealth of a nation cound not buy a lost of breed, such as you will see on any farmer's table at the present time. The fine flour could not be made. The table of our farmer is much more princally in its farmishing them was the table of a measured them. We have now be common unsovered species of most dailicious fruits then unknown. We raise several kinds of grain not then in use. The very word corn, then possible to then in use. The very word corn, the possible to what and barley, in now applied to e grade them undecovered. Here then lived on a few vagetations with fisch on extraordinary occasions; and at their greatest feasts their chief viands were flown and wine. Their crops, as well as in the palmisst seneret times, rarely yielded over too or twenty fod. Now a bundred fold is considered a very owned return. There, as in the ancient world, they gettered the hervest by pulling of the heeds, padling up the stalks, or by elmost as elso a process of a spany with the scale, Compare these methods with the greet respection is a, that sweeps over with the greet respection in me, that sweeps over acrea in an hour and leaves the glorious barvast on the fields of o 'arm in a dey. Thus formerly the pathect or niewly tramped out the grain, week after week, and the winds if heaven and the fas in the hands of the laborer clowly and imperfectly separated see hemsel from the craff and array. New, the mighty thresher, with tunnaltunus whirl, takes into the crashing tests thousands of sheaves in a day, and containing the empired heads and straw and chaff is risch streams, the reparated golden grain rane out most the respectively experience of the crashing tests thousands of sheaves and cattering the empired beads and straw and chaff is risch streams, the reparated golden grain rane out most the respectively experience of the course of the cou

(From the Homestead )
AN OLD FARMER'S NOTE BOOK. It is very common to bear fippent girls, would-be deleats women, and would-be very more young men, who live in cities and stray up here now and then, declaim against cork. They any it is not tist food for the human etumach, and quote Moses to prove it, and they, who do not know one other command of the Mousic law, commend the inspired law giver "has a man of came, who knew what he was about" with no told his followers not to eat the flosh of wine, but to bedd it in aboutiarion. Pork may be too strong for their weak stomeche and feeble intellects, but it is the food which nourished the strong frames, iron nerves, stout hearts, and the incorreptible virtue of the heroes who have the safety. Nearly all the gallest man who have nerved our country to meetly. Nearly all the gallest man who have nerved our country in our times of greatest prift were rearded on pork. Under the strong stomeche of such men adhah Mason, "the Brave Levawell," and Colored Benjamin Church; of Roger Wolcott, William Pappersil, and other heroes of the old French wer. Upon pork was reliaded bearly avery man of methics and calcum who figured it the war of the revolution, and the notice of the individual figures of plain farmors, and the highest ridges at South Pane This is on incalculable loss, especially an nearly the whole North-man and the star of the revolution, and ware either incapable, unsuccessful, or rank traitors, were men who had breed the lives of plain farmors, and the chief of their and the strong of the control were men who had breed the lives of plain farmors, and the highest ridges at South Pane The scheen and other traits. Apples and cherries are uniquited and thus miss, and who productly did not eat pork. The first strong the war of the revolution, and ware either incapable, unsuccessful, or rank traitors, were men who had been bred in cities, who were corrupted by refinement and humanies, and who productly did not eat pork. DR. JOHN BULL'S Compound Pectoral of Wild Cherry,

For the complete Care of Coughs, Colds, Asthma, Bronchit INFLUENZA, PAINS IN THE SIDE AND BREAST, FRITTING OF BLOOD, AND CONSUMPTION, BLOOD, AND CONSUMPTION,
Is rapidly edveucing in the estimation
of the public. It is no empirical neatrum; its component principles are made
known to the entire medical faculty. It
is prepared accurately from the recipe
of an experienced and talented physiciau, and has proved itself to be the
greatest remedy for all diseases of the
Luugs ever discovered; and wherever
it has been introduced it has made cures
which are perfectly estonishing. It is
bound to supersede every other Cough
Mcdicine before the public. Testimoulials are daily being sent int to the propri-

came had ananoned every hope. A single trind will convince the meet in credulous of its efficacy in curing that class of diseases for which it is designed. Why is it that so many die every year of Consumption, or some other disease of the Lungs? Because they neglect its sure forennner—a "simple cold,"—which might be easily cured by the prumpt use of a single bottle of Dr. John Bull's "Compound Pertoral of Wild Cherry." We say, thorefore, Try it, by all means. It this does not cure you, nothing can.

Sold by all Druggists everywher All Orders from Wholesale Purch or applications for Agencies, must be addressed to DR. JOHN BULL, Louisville, Ky, or New York Caly,
